JACOLI - TRADING AND CONSULTING, LDA.

JACOLI - Trading & Consulting, Lda is a Portuguese company specialized in international procurement and sourcing of raw materials for the textile industry and related sectors.

We operate in a structured manner in the identification, qualification and supply of:

Yarns

- Cotton conventional organic combed compact
- Polyester virgin and recycled
- Viscose
- Linen
- Hemp
- Ramie
- Wool
- Cashmere
- Silk
- Tencel™ Lyocell
- Modal
- Polyamide
- Acrylic
- Polyethylene including technical applications
- Technical and functional blends

Fabrics and Textile Bases

- Fabrics for home textiles percale sateen jacquard dobby flannel etc
- Fabrics for apparel woven knitted structured and functional fabrics
- Technical and industrial fabrics
- Base fabrics for coatings laminates and specific applications

We work with audited manufacturing units with export experience across several strategic markets namely:

- Turkey
- Egypt
- Pakistan
- India
- China
- Vietnam
- Indonesia
- Malaysia
- South Africa

We ensure full process support including negotiation quality control certification management OEKO TEX®, GOTS, BCI, among others logistics planning and documentation coordination.

KEXU QUALITY YARNS - FIRE&HEAT RESISTANT

Para-aramid Yarn

Specification: 10S-40S/single or multiple strands

Material: Para-aramid

Features: Heat&flame retardant

Meta-aramid Yarn

Specification: 10S-50S/single or multiple strands

Material: Meta-aramid

Features: Heat&flame retardant

Aramid-Metal Fiber Blended Yarn

Specification: 5S-40S/single or multiple strands

Material: Para-aramid/Steel

Features: Metal staple fiber yarn, blended with metal materials in any proportion, has good conductivity, electromagnetic shielding, and antibacterial properties

KEXU QUALITY YARNS - FIRE&HEAT RESISTANT

Aramid Elastic Yarn

Specification: 10S-40S/single or multiple strands

Material: Para-aramid/Spandex

Features: Elastic yarn(cut&flame protective)

Para-aramid Core-spun Yarn

Specification: 10S-40S/single or multiple strands

Material: Para-aramid/Basalt/Conductive fiber

Features: Heat&flame resistant, antistatic

Oxidized PAN Aramid Blended Yarn

Specification: 10S-40S/single or multiple strands

Material: Oxidized PAN fiber/Para-aramid

Performance: Flame&heat resistant,
better yarn evenness, uniform blending

KEXU QUALITY YARNS - FIRE&HEAT RESISTANT

Aramid IIIA Yarn

Specification: 15S-40S/single or multiple strands

Material: 93%Meta-aramid 5%Para-aramid

2%Conductive/Metal fiber

Performance: Fire resistant,
better yarn evenness, antistatic

Aramid Multi-component Blended Yarn

Specification: 10S-40S/single or multiple strands

Material: Para-aramid/Acrylic/Tencel/Lyocell

Features: Aramid multi-component blended yarn,
with uniform blending

PBO Yarn

Specification: 10S-40S/single or multiple strands

Material: Pure/Blended/Core-spun

Performance: Flame&heat resistant, LOI:40-68

KEXU QUALITY YARNS - FIRE&HEAT RESISTANT

PI Yarn

Specification: 10S-40S/single or multiple strands

Material: PI

Performance: Heat resistant, temperature up to 300°C, LOI:38

FR Acrylic Cotton Yarn

Specification: 10S-40S/single or multiple strands

Material: FR Acrylic/Cotton

Performance: Heat&fire resistant, good dyeability

FR Viscose Yarn

Specification: 10S-40S/single or multiple strands

Material: FR Viscose

Performance: Heat&fire resistant, good dyeability

KEXU QUALITY YARNS – FIRE&HEAT RESISTANT

FR Viscose Meta-aramid Blended Yarn

Specification: 10S-40S/single or multiple strands
Material: FR Viscose/Meta-aramid/FR fiber
Performance: Heat&fire resistant, good dyeability

Meta-aramid Sewing Thread

Specification: 10S-40S multiple strands
Material: Meta-aramid
Features: High-strength, better evenness, flame-resistant sewing thread

Para-aramid Sewing Thread

Specification: 10S-40S multiple strands
Material: Para-aramid
Features: High-strength, better evenness, flame-resistant sewing thread
