# FABRIC VISCOSE

JACOLI supplies a wide selection of viscose yarns and fabrics, known for their silky touch, natural drape, and excellent breathability. Whether pure or blended, viscose offers an elegant alternative to natural fibers with enhanced versatility and finish.

Available for both knitting and weaving, viscose fabrics come in widths ranging from 1.20m to 3.20m, and yarn counts from Ne 5 to Ne 60, meeting diverse technical and aesthetic demands.

Main areas of application:

- **Fashion Industry** – Ideal for flowing dresses, linings, blouses, and soft tailoring.
- **Home & Interior Textiles** – Curtains, decorative fabrics, and bedding with luxurious feel.
- **Sustainable Concepts** – A preferred fiber for eco-aware collections using responsibly sourced viscose.

Refined, functional, and adaptable — viscose brings softness and elegance to every project.
